

Dear Parent(s)/Guardian(s):

We would like to share some information that you may be aware of regarding a specific social media post made last night.

Early this morning the police and De Pere High School Administration were made aware of a social media post. The police are involved in this situation.

Based on our communication with the police, we are confident that there is no active threat towards our students and school is open for our regularly scheduled exam day.

We understand that situations such as this are concerning to parents, students and the community as a whole. We want you to be aware that the administration of De Pere High School has exercised extreme diligence and has taken all proper actions in the best interest of student and staff safety as well as what is required by law.

We urge all parents/guardians to encourage your children to let us know anytime they hear or see anything that may not be safe. In addition, we also ask that you speak to your children regarding how important it is to use good judgement, especially on social media, and engaging in threats.

Benjamin Villarruel
Superintendent

Nick Joseph
DePere High School Principal
