5:30pm  
Marinette, Wisconsin**

### **Marinette Mayor Steve Genisot comments on President Trump's Arrival:**

**The City of Marinette is honored to welcome President Trump, the first US president to ever visit Marinette. We appreciate the President's support of the recently awarded \$5 billion Navy shipbuilding contract to Marinette Marine. Our community will continue to see significant growth of up to 1,000 new manufacturing jobs which will also impact hundreds of suppliers throughout Wisconsin. We will see years of growth as a direct result.**

**With this growth will come an even higher priority for affordable housing for current and new workers and we will work with federal and state programs such as Opportunity Zones to find creative housing solutions.**

**Again, I thank President Trump for his support in bringing good paying jobs to Wisconsin and years of growth to our community.**
