RE: State v. Mackenzie A. Guillen
2019 CF 630

Dear Attorney Schuchart:

We, the staff of St. Matthew Parish in Allouez, are writing with regard to the prosecution of Mackenzie, for which we understand you are responsible. We have met with Mackenzie's family and learned of the mental health challenges he faces. It is our desire that the disposition in this case focuses on addressing Mackenzie's mental health needs, as opposed to just simply punishing him.

We have forgiven Mackenzie, and we hope that he will be rehabilitated to become a productive member of society. We pray that God will guide the decisions of your office, the judge, and Mackenzie in this case. We thank you for considering our position and for your work in this case.
